

**Add the VALUE of 3DEXPERIENCE to SOLIDWORKS**

**3DEXPERIENCE SOLIDWORKS**

IMPORTANT notes for existing SOLIDWORKS Edu Edition customers.

A move to 3DEXPERIENCE SOLIDWORKS also means:

- A move away from perpetual licensing to SAAS licensing.
- No access to additional SOLIDWORKS products included in the EDU Edition (e.g. Electrical, Composer, ...) beyond SOLIDWORKS Premium 3D CAD.
- Simulation capabilities from within SOLIDWORKS Premium are NOT included, at this time, within 3DEXPERIENCE SOLIDWORKS.
- 3DEXPERIENCE SOLIDWORKS needs to be updated every 6-8 weeks with each FD (Functional Drop) of the platform.
